

Working Plan

- **KSBB constructs a website for ABD.**
- **Each county determines the 3 committee members for the directory.**
- **The committee members encourage their own country's biotechnologists (mostly Ph. D. level) to input personal data into the website.**
- **Each biotechnologist accesses the website (<http://ksbb.or.kr>) and inputs his/her own biodata.**
- **Korean committee collects all the biodata.**
- **Publish the directory.**
